B. Business activities

The Group is principally engaged in the research, development and sale of four major lines of software products comprising translation software, information security software, Internet application software and entertainment software targeting at enterprises and individual consumers in the PRC. Since its establishment in August 1998, the Group has successfully developed and launched various software titles with different versions and upgrades. Currently, the Group's translation software "*Oriental Express*" is being widely used by the market and highly acclaimed by various newspapers and magazines in the PRC. Leveraging on its expertise and resources in translation software development, the Group is also engaged in the provision of translation and information localisation services through a platform named "Lingoworld" over the Internet. The Directors believe that the operation of "Lingoworld" not only broadens the Group's revenue base but also serves as an effective marketing channel to promote the Group's translation software.
